**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED**

**Financial instruments -**

The Company initially measures its financial assets and liabilities at fair value, except for certain non-arm's length transactions.

Financial assets measured at cost are tested for impairment when there are indicators of impairment. The amount of any write-down is recognized in net income. Any previously recognized impairment loss may be reversed to the extent of the improvement, directly or by adjusting the allowance account, provided it is no greater than the amount that would have been reported at the date of the reversal had the impairment not been recognized previously. Any reversal is recognized in net income.

**Cash and cash equivalents -**

The company's policy is to present under cash and cash equivalents; bank balances, including short-term GIC's.

**Contributed Services -**

Volunteers contribute time to assist the organization in carrying out its services. Due to the difficulty of determining the fair value of the contributed services, contributed services are not recognized in the financial statements.

**Revenue recognition (contributions)-**

The Organization follows the deferral method of accounting for donations.

- Unrestricted donations are recognized as revenue when received.
  - Externally restricted donations are deferred and taken into revenue when the funds are spent.
  - Donations restricted for the purchase of capital assets are deferred and amortized into revenue at an amount equal to the amortization of that group of capital assets.
  - Externally restricted donations used to purchase land are recorded as a direct increase in net assets invested in capital assets.
  - Donated materials and supplies are only recorded as revenue when the estimated fair market value of the items donated can be supported within the policy set out by the Charities Directorate of the Canada Revenue Agency.
